

MNSEA

Minnesota Structural Engineers Association

SEMINAR – OCTOBER 23, 2019

CalOES Safety Assessment Program

The California Office of Emergency Services (CalOES) Safety Assessment Program (SAP), hosted by NCSEA, is highly regarded as a standard to train emergency second responders for all states not just CA. The training has been reviewed and approved by FEMA's Office of Domestic Preparedness.

This SAP training course provides engineers, architects and code-enforcement professionals with the basic skills required to perform safety assessments of structures following disasters. Licensed design professionals and certified building officials will be eligible for SAP Evaluator certification and credentials following completion of this program and submission of required documentation.

The CalOES SAP Evaluator student manual will be provided with the program. Attendees should bring their own ATC45 and ATC20 manuals, which are available on line: <https://store.atcouncil.org/>

For more info please visit: <https://www.caloes.ca.gov/cal-oes-divisions/recovery/disaster-mitigation-technical-support/technical-assistance/safety-assessment-program>

Douglas L. Fell, PE

Doug Fell is a CalOES Assessor, Coordinator and Instructor. Doug is the managing principal of Structural Resource Center LLC. He was the lead structural engineer for the Minneapolis Metrodome roof collapse stabilization and return to service. Doug is the chairperson of the Minnesota SEA SEER Committee and is the MNSEA SEER member organization representative on the NCSEA SEER Committee.

CalOES will provide the CalOES SAP Evaluator certification card after submittal of course completion documentation

AGENDA:

- 9:30 am – Registration
- 10:00 am – Seminar part 1
- 12:45 pm – Lunch (provided)
- 1:15 pm – Seminar part 2
- 4:00 pm Adjourn

LOCATION: (2 Sites, Twins Cities and Duluth)

Site#1: [American Engineering Testing, Inc. \(AET\)](#) 550 Cleveland Ave N, St Paul, MN 55114 - (651) 659-9001 (Presenter will be in person at this location)

Site#2: TENTATIVE - [Barr Engineering Co.](#), 325 S Lake Ave, Duluth, MN 55802, 6th Floor. (218) 529-8200 (Presentation will be broadcasted as a webinar. Site 2 will be confirmed by October 12, 2019, minimum 6 participants)
